CHANGE DESCRIPTION									
<p>Point Grey will be switching from IOI U3-PCIE1XG204-13 to IOI U3-PCIE1XG205-1S. The host adapters use the same Renesas μPD720202 chipset. The new card is slightly smaller and does not have both power connectors, it will instead include an adapter cable. The threaded holes for screw-locking USB3 connectors will change from 19mm spacing to 22mm to match the USB3 vision standard.</p>
