

# FLIR *BRICKSTREAM<sup>®</sup> 2D* *Recessed Mount*

The **RC-1AW** is a one-piece plastic mount intended for recess mounting Brickstream 2D video analytics appliances into ceilings with an unexposed open void. Used in mounting applications where discreet profile is required, the 2Di is inserted into the housing and secured by two attached tension clips. The RC-1AW grips the unexposed portion of the ceiling panel with two swiveling clamps.
