2. **Installation and Mounting**

**Package Contents**

- 1x adapter plate
- 3x M4*8L screws
- 1x Printed quick guide

Check if everything in the package matches your purchase order form and packing slip. The package should include the following items:

If any item is missing, contact your dealer.

**Required Tools**

- A drill
- A Phillips head screwdriver
- A T10 Torx wrench
- Wire cutters

Prior to assembly, mount the adapter plate onto the electrical box, using the Single Gang, Double Gang, 4S, or 4R mounting holes. Use a Phillips screwdriver to tighten the dome camera body onto the adapter plate by fastening the three supplied M4*8L screws.
