Designed to mount on any MIL-STD-1913 rail interface forward of an existing scope, the FLIR ThermoSight® T75 offers mission flexibility as a long-range thermal weapon sight and as a hand-held observation device. It’s designed to interface with a wide range of day scopes and weapon platforms. The T75 runs on common AA Li batteries and is equipped with large, rugged controls for image adjustment. The long-wave IR sensor provides crisp imagery all night and all day.

T75 is optimal for close-in to medium-range engagements of 800+ meters and is highly portable. Ability to adjust with mini joystick or optional remote control pendant mounted to weapon increases warfighter’s shooting stability and minimizes unnecessary movement that can potentially reveal location. Mil-qualified to meet extreme operating conditions, proprietary FLIR Shock Mitigation System™ (SMS™) helps T75 maintain optical boresight after thousands of rounds and provides extended service life.

**ADVANCED CLIP-ON THERMAL WEAPON SIGHT FOR WARFIGHTER**

**FLIR ThermoSight® T75**

**FEATURES**

**MULTI-USE DESIGN**
Use in front of day optics as a clip-on, rail-mounted thermal weapon sight. It’s compatible with all combat optics and is rapidly adaptable to most weapons.

**BORESIGHT MAINTAINED AFTER WEAPON DISCHARGE**
The proprietary FLIR Shock Mitigation System™ (SMS™) absorbs and dissipates high shock loads while maintaining zero.

**COMPACT, LIGHT, AND RUGGED**
Highly portable design reduces operator fatigue and large, rugged controls for basic image adjustments means no complex menus to navigate.

**ERGONOMIC CONFIGURATION AND CONTROL**
Low profile reduces snag hazards, interfaces allow positive control of aim point while adjusting sight, and joystick maintains shooter cheek weld.

**LONG-WAVE THERMAL IMAGING SENSOR**
Crisp IR imagery lets you see in total darkness, through fog, smoke, and dust, and reveals more during daylight hours.

**APPLICATIONS**

**TARGET ACQUISITION**

**RECONNAISSANCE**

**COVERT OPERATIONS**

**SURVEILLANCE**

**SPECIALITY LAW ENFORCEMENT**

### Available Accessories
- **Soft Carry Case**: Lightweight with padded zippered compartments
- **Lens Cap**: Molded lens cap, attached to unit
- **Light Shroud**: Molded Light Shroud, fits between unit and customer’s day scope
- **Lens cleaning kit**: Complete Cleaning Kit in Nylon Pouch
- **Operators Manual**: Written Instruction on Unit Operation (English)
- **Quick Reference Card**: Laminated Graphical Training Aid (English)
- **Batteries**: 6 ea. L91 AA Lithium
- **Remote Control**: Remote control pendant for camera operation
- **Video Cable**: Cable for video output to standard display
